

PARTICIPANTS & EXPECTATIONS

'Youth in Dialogue' 2017

YOUTH IN DIALOGUE

I was happy to get the invitation to participate in Euriade. I hope I will make new friends from different countries there. Besides, I want to get a chance to communicate with people from all over the world in English. I hope, in future I will work in the sphere where I will need the English language. So, I'm waiting for an opportunity to practice my English. I also want to find out what teenagers from different countries are interested in.

Lidiia Safonova (16)

My name is Anastasiia and I'm very glad to be one of the participants in the prodigious project Youth in Dialogue. I strongly believe that YID will give all young people the opportunity to find the way to each other, to meet interesting and outstanding people, to get acquaintance with new friends from all over the world. I expect it to be fun, educational and unforgettable at the same time.

I'm so happy, that I can take part in this event this year. I'm going to check my communicating abilities and find new friends. Also, I want to learn more about different countries and people that are living there. I will realize myself as a real English-speaking person and I will try to 'think English', to understand different ideas and beliefs of the Others. And, of course, I just want to spend a nice time in charming place with incredible people.

EUROPASCHULE

Herzogenrath, Germany

I'm Thomas, one of the teachers. I hope, this year we will have again this wonderful 'Euriade-feeling'. Some years ago, the students said: 'we came as strangers and we leave as friends'. Let's work together to have this motto this year again!
